

Susan Faris Langford

Founder & President, Estate Plan Store®

Susan Faris Langford is president and founder of the Estate Plan Store®, which provides affordable, seven-part estate plans to Arizona residents.

Langford has nearly 20 years of experience in the legal field. Before founding the Estate Plan Store® in 2010, she served as a legal assistant in the medical malpractice and estate planning fields. Prior to that, she worked as a judicial assistant for the Maricopa County Superior Court.

In these positions, she met many hard-working adults from a wide range of families and backgrounds. She noticed that many Arizonans lacked a will or other components of an estate plan that are vital in an emergency. She also witnessed the legal battles that ensued when rightful heirs were denied protection, or when the wishes of the deceased weren't spelled out legally, among many other scenarios. Much of the stress, pain and legal costs could have been avoided with the proper documentation.

Langford felt strongly that money shouldn't be a barrier to protecting one's assets and family. Her vision was realized in 2010 with the Estate Plan Store®, which centered on convenience, affordability and quality. Langford, an Arizona native, currently resides in Phoenix.
